Dear Jennifer,

This letter is in regards to the compliance check of your Level C, Registered Child Development Home on 10/29/14. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed **statement of health and immunization status** on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every three years. **Need for yourself and it's required now to be on the new form which I gave you a copy of.**

110.5(2)b Certificates or training verification documentation for:

110.5(2)b Within the first three months of registration: will him

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.) **Your training had expired as of 7\14 so you'll need to take a new mandatory child abuse reporter training.**

**I am including the web site to obtain the mandatory reporter training for free. This web site is sponsored by the Iowa Department of Public Health. If there are any problems with using it or obtaining a certificate you will need to call the number on the web site.**

**WHO:** This training is designed for child care providers

**WHAT:** Mandatory Child Abuse Reporter Training for Child Care Providers

**WHERE:** On-Line, start at this link <http://dhs.training-source.org> You must register by entering your provider number

**WHEN:** Any time day or night, this is a self-study course. Your certificate will be made available for you to print upon successful completion of the course. I believe it takes 2 – 3 weeks to obtain the link to print the certificate after you successfully complete the course.

110.5(8) Children's Files

110.5(8) An individual file is maintained for each child and **updated annually or when there are changes**. Each file contains: **The children's files must be updated annually with the emergency medical authorization completed yearly. If the parent wants to review, edit and re-sign and date the intake and emergency medical authorization instead of completing a new form that is ok. I suggest you pick a date, such as the first of the year, beginning of school, your birthday or anniversary, Valentine's Day, etc. On that date I suggest you**

**double check for a current physical form and immunizations (if there were any updates) and have the parents redo or re-sign the emergency medical and intake information.**

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. **Need for: need for HS and the two siblings KH.**

☐ 110.5(8)g A signed and dated immunization certificate provided by the state department of public health. **Need for: HS and the older siblings KH .**

You do need your no smoking signs actually posted on the outside of the door instead of inside the home. I gave you the business card of Denise Rhodes your Child Care Resource and Referral consultant. She has nice window clings you could use. If you call her and request them she can bring them to you.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

**I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.**

**Please sign and date below, and return this form in the provided envelope by: 45 days of receipt.**
